

Fall 2014 New Products

TM™

Triad Mini / The perfect backline mic stand: All the mass, stability and functionality of full-size Triad stands that's just right for miking kick drums and amps.

OM™

Orbit Mini / The companion boom arm for the Triad Mini; awesome in tight spaces and backline applications. Also, great short boom for vocals and acoustic instruments.

iORBIT 3™

iOrbit 3 / Purpose-built for the iPad Mini**, the iOrbit 3 comes bundled with an IO-R quick-change coupler for mounting on conventional mic stands.

iORBIT A.I.R.

Formfitting Adaptor Inserts for mounting the iPad Air** on iOrbit 1. Four A.I.R. adaptors per pack.

**iPad Mini and iPad Air is a trademark of Apple Inc.

Fall 2014 New Products

OA™

Orbit Arm / Pair with IO-C clamp or IO-W wallplate for a full-functioning boom arm that attaches to stands, consoles, desktops, walls, etc.

IO-W™

IO Wallplate / IO quick-change coupler mounted on a robust steel wallplate. Anchors T-O components to flat surfaces like walls, consoles, etc. Includes non-marring isolation pad. Perfect for commercial installations.

O2X™

Orbit 2X / Features IO couplers on both O2X ball swivels. Includes 4 IO-equipped telescopic boom arms: 2 long and 2 short. The world's best boom is now 2 times better!

IO-ADAPTORS

- IO-H1 / 5/8" Brass mounting head for IO & IO-R Quick-Change Couplers
- IO-H2 / 5/8" Stainless Steel mounting head for IO & IO-R Quick-Change Couplers
- IO-H3 / 3/8" Brass mounting head for IO & IO-R Quick-Change Couplers
- IO-H4 / 1/4"-20 Brass mounting head for IO & IO-R Quick-Change Couplers
- IO-H5 / Lighting Stand mounting head for IO & IO-R Quick-Change Couplers

Fall 2014 New Products

IO-C™

IO Clamp / By mating our proprietary IO quick-change coupler with a precision clamp, T-O components can be attached in an instant to stands, desks, speaker cabs, etc.

IO-A1 / IO-A2

IO Coupler Telescopic Arms / IO-equipped Telescopic Arms for IO-C Clamps and IO-W Wallplates.

IO-A1 / 9.5" to 12.5"

IO-A2 / 15.5" to 24.75"
